

Will Evans

Development Director

A chartered architect, Will has more than 13 years' experience of development, regeneration and architectural consultancy in both public and private sectors.

Prior to joining WDC, Will was Director of Development at Walsall Regeneration Company. Before his role at WRC, Will was Senior Development Manager at the Cassidy Group, an international property development company.

Will also spent six years in the role of Investment and Development Surveyor with British Waterways Commercial Team, later becoming Isis Manager for the British Waterways Midlands Region.
